

# SNIFC TEAM GAME

Cut out and laminate. Give paper-clipped cards to each team. "Ready! Set! Go!" Each team must figure out that this is the mnemonic SNIFC which helps determine whether a sample is mineral or nonmineral. First team to put all the pieces in the correct order, wins!

**Never Alive**

**Not Liquid  
or Gas**

**Naturally  
Occurring**

**Not Made  
in Factory**

**Inorganic**

**Solid**

**Element or  
Compound**

**Regular  
Pattern**

**Crystal  
Form**

**Fixed  
Composition**
